FOR THE SOUTHERN DISTRICT OF TEXAS
HOUSTON DIVISION**

In re: SANCHEZ ENERGY CORPORATION., <i>et al.</i>¹ Debtors.	§ § § § § § §	Chapter 11 Case No. 19-34508 (Jointly Administered)
---	---------------------------------	--

**DECLARATION IN SUPPORT OF THE APPLICATION
FOR AN ORDER AUTHORIZING EMPLOYMENT AND RETENTION OF
FTI CONSULTING, INC. AS FINANCIAL ADVISOR
FOR THE OFFICIAL COMMITTEE OF UNSECURED CREDITORS**

Pursuant to 28 USC Section 1746, Michael Cordasco declares as follows:

1. I am a Senior Managing Director with FTI Consulting, Inc., together with its wholly owned subsidiaries (“FTI”), an international consulting firm. I submit this Declaration on behalf of FTI (the “Declaration”) in support of the application (the “Application”) of the Official Committee of Unsecured Creditors (the “Committee”) of Sanchez Energy Corporation, the debtors and debtors-in-possession in the above-captioned chapter 11 cases (collectively, the “Debtors”), for an order authorizing the employment and retention of FTI as financial advisor under the terms and conditions set forth in the Application. Except as otherwise noted², I have personal knowledge of the matters set forth herein.

¹ The Debtors in these chapter 11 cases, along with the last four digits of each Debtor’s federal tax identification number, include: Sanchez Energy Corporation (0102); SN Palmetto, LLC (3696); SN Marquis LLC (0102); SN Cotulla Assets, LLC (0102); SN Operating, LLC (2143); SN TMS, LLC (0102); SN Catarina, LLC (0102); Rockin L Ranch Company, LLC (0102); SN EF Maverick, LLC (0102); SN Payables, LLC (0102); and SN UR Holdings, LLC (0102). The location of the Debtors’ service address is 1000 Main Street, Suite 3000, Houston, Texas 77002.

² Certain of the disclosures herein relate to matters within the personal knowledge of other professionals at FTI and are based on information provided by them.

Disinterestedness and Eligibility

2. In connection with the preparation of this Declaration, FTI conducted a review of its contacts with the Debtors, their affiliates and certain entities holding large claims against or interests in the Debtors that were made reasonably known to FTI. A list of the parties reviewed is reflected on Exhibit A to this Declaration. FTI's review, completed under my supervision, consisted of a query of the Exhibit A parties within an internal computer database containing names of individuals and entities that are present or recent former clients of FTI. A listing of such relationships that FTI identified during this process is set forth on Exhibit B to this Declaration.

3. Based on the results of its review, FTI does not have a relationship with any of the parties on Exhibit A in matters related to these proceedings. FTI has provided and could reasonably expect to continue to provide services unrelated to the Debtors' cases for the various entities shown on Exhibit B. FTI's assistance to these parties has been related to providing various financial restructuring, litigation support, technology, strategic communications, and economic consulting services. To the best of my knowledge, FTI does not hold or represent any interest adverse to the estate, nor does FTI's involvement in these cases compromise its ability to continue such consulting services.

4. Further, as part of its diverse practice, except as otherwise discussed herein FTI appears in numerous cases, proceedings and transactions that involve many different professionals, including attorneys, accountants and financial consultants, who may represent claimants and parties-in-interest in the Debtors' cases. Also, FTI has performed in the past, and may perform in the future, advisory consulting services for various attorneys and law firms, and

has been represented by several attorneys, law firms and financial institutions, some of whom may be involved in these proceedings.

5. FTI is a global business advisory firm. As can be expected with respect to any international professional services firm such as FTI, FTI provides a wide range of services to many clients, which may include one or more entities with interests in these Chapter 11 cases. Furthermore, prior to the Petition Date, FTI was engaged through counsel for Terra Energy Partners in a civil litigation relating to misappropriation of trade secrets to provide litigation support services (the “Trade Secret Litigation”); the matter is unrelated to these Chapter 11 cases. Certain Debtors are adverse defendants in the Trade Secret Litigation.

6. In order to maintain the confidentiality of the client information in connection with FTI’s engagement on behalf of the Committee (the “FTI Committee Engagement”), FTI will protect the client information through the use of its information wall procedures. In conjunction with the foregoing, FTI has established and will maintain the following internal procedures: (i) each FTI professional on the FTI Committee Engagement (“FTI Committee Professionals”) and the Trade Secret Litigation (“Trade Secret Litigation Professionals”) shall acknowledge in writing that he or she may receive certain nonpublic information and that he or she is aware of the information wall in effect and will follow the information wall procedures therein; (ii) FTI Committee Professionals will not directly or indirectly share any nonpublic information generated by, received from or relating to Committee activities or Committee membership with Trade Secret Litigation Professionals, and Trade Secret Litigation Professionals will not directly or indirectly share any nonpublic information generated by, received from or relating to the Trade Secret Litigation, with FTI Committee Professionals, except that a good-faith communication of publicly available information shall not be presumed

to be a breach of the obligations of FTI or any FTI Committee Professionals or Trade Secret Litigation Professionals under such information wall procedures; (iii) FTI is setting up electronic internal security walls to ensure that only FTI employees involved directly with or working on the FTI Committee Engagement may have access to the information, databases, e-mails, schedules or any other information relating to that engagement; (iv) FTI shall periodically monitor, consistent with its ordinary course compliance practice, communications through electronic means among FTI Committee Professionals and Trade Secret Litigation Professionals to ensure that such exchanges are performed in a manner consistent with the information wall procedures; (v) FTI shall immediately disclose to Committee counsel and the United States Trustee any material breaches of the procedures described herein. If FTI ceases to act as advisor to the Committee, it will continue to follow the procedures set forth above until a plan has been confirmed in the Debtors' chapter 11 case or the chapter 11 case has been converted or dismissed.

7. Further, as part of its diverse practice, FTI appears in numerous cases, proceedings and transactions that involve many different professionals, including attorneys, accountants and financial consultants, who may represent claimants and parties-in-interest in the Debtors' cases. Also, FTI has performed in the past, and may perform in the future, advisory consulting services for various attorneys and law firms, and has been represented by several attorneys, law firms and financial institutions, some of whom may be involved in these proceedings.

8. In addition, FTI has in the past, may currently and will likely in the future be working with or against other professionals involved in these cases in matters unrelated to the Debtors and these cases. Based on our current knowledge of the professionals involved, and to

the best of my knowledge, none of these relationships create interests adverse to the estate, and none are in connection with these cases.

9. FTI is not believed to be a “Creditor” with respect to fees and expenses of any of the Debtors within the meaning of Section 101(10) of the Bankruptcy Code. Further, neither I nor any other member of the FTI engagement team serving this Committee, to the best of my knowledge, is a holder of any outstanding debt instruments or shares of the Debtors’ stock.

10. As such, to the best of my knowledge, FTI does not hold or represent any interest adverse to the estate, and therefore believes it is eligible to represent the Committee under Section 1103(b) of the Bankruptcy Code.

11. It is FTI’s policy and intent to update and expand its ongoing relationship search for additional parties in interest in an expedient manner. If any new material relevant facts or relationships are discovered or arise, FTI will promptly file a Bankruptcy Rule 2014(a) Supplemental Declaration.

Professional Compensation

12. Subject to Court approval and in accordance with the applicable provisions of the Bankruptcy Code, the Bankruptcy Rules, applicable U.S. Trustee guidelines and local rules, FTI will seek payment for compensation on an hourly basis, plus reimbursement of actual and necessary expenses incurred by FTI, including legal fees related to this retention application and future fee applications as approved by the court. FTI's customary hourly rates as charged in bankruptcy and non-bankruptcy matters of this type by the professionals assigned to this engagement are outlined in the Application for the employment of FTI. These hourly rates are adjusted periodically.

13. According to FTI's books and records, during the ninety-day period prior to the Debtors' petition date, FTI performed no professional services or incurred any reimbursable expenses on behalf of the Debtors.

14. To the best of my knowledge, a) no commitments have been made or received by FTI with respect to compensation or payment in connection with these cases other than in accordance with the provisions of the Bankruptcy Code and b) FTI has no agreement with any other entity to share with such entity any compensation received by FTI in connection with these chapter 11 cases.

I declare under penalty of perjury that the foregoing is true and correct

Executed this 4th day of October, 2019
